

OVERVIEW

This is an intense, fully interactive one day course to master cardiac emergencies with aid of cardiac simulator and our propriety mobile app which provides interaction with the presentations and excellent experience of **REAL-LIFE CARDIAC EMERGENCIES SCENARIOS**.

These include **Acute Coronary Syndrome, Acute Decompensated Heart Failure, Acute Cardiac Arrhythmias, Pericardial Tamponade** and a refresher on **ALS and Resuscitation**.

Ideally designed for all **Acute Care Providers, Crash Call Bleep Holders** and members of **Rapid Response Teams**. Equally useful for all **Doctors and Nurses** working in **Acute Medicine, Accidents & Emergency** and **Critical Care Areas**.

Participants will be exposed to fast moving simulated cardiac emergencies. We will take you through step by step clinical presentation, evolving haemodynamics and ECG changes via our **high-tech simulations**. Thus, recreating resuscitation room environment to help develop rapid identification, quick thinking, fast reflexes and effective evidence-based management of acute cardiac emergencies.

COURSE FEATURES

- 1- Focus on the **identification and management of cardiac emergencies**.
- 2- Integration of human factors and non- technical skills
- 3- **Most realistic** simulation scenarios possible
- 4- **Most advanced** simulation equipment.
- 5- Run by **Cardiologist, Emergency Consultant and trained simulation facilitators**.
- 6- **Practical exposure** to acute cardiac emergency scenarios, reflective debriefs, and analysis of roles and human factors in the emergency department.
- 7- **Echo in the Emergency Workshop**

COURSE LEADS

Dr. Awais Bokhari Consultant Cardiologist

Dr. Subramanyam Consultant A&E

COURSE DETAILS

DATE: 18/05/2019 **TIME:** 0830- 1700 Hrs **VENUE:** Corner-5, Kempston.Bedford.MK43 8RQ

COURSE FEE

EARLY BIRD DISCOUNT: £185/= Includes Hot Lunch and Refreshments **ON THE DAY:** £225/=

Payment	ONLINE BOOKING	BANK TRANSFER	BY TELEPHONE	
While booking	Please email	Barclays Bank Ltd.	CREDIT/ DEBIT CARD PAYMENTS

FULL COURSE PROGRAMME OVERLEAF

COURSE TIMED AGENDA

SATURDAY 18th May 2019

Registration 08:00 – 0830

Session	Time	TOPIC	Presenter
	08:30 - 09:00	Course Overview - Introductions	Dr. Bokhari
1	ACUTE CORONARY SYNDROME		
	09:00 - 10:00	Presentation, Management & Pitfalls	Dr. Bokhari
	10:00 - 11:00	Full ACS Case Simulation	Dr. Bokhari A Deri
2	ACUTE DECOMPENSATED HEART FAILURE		
	11:00 - 12:00	Presentation, Management and Pitfalls	Dr. Bokhari
	12:00 - 12:30	Interactive Haemodynamic Simulation	Dr. Bokhari
	12:30 - 13:00	Simulation Acute Decompensated HF	Dr. Bokhari Sally Smith
LUNCH			
3	ACUTE CARDIAC ARRHYTHMIAS		
	13:30 - 14:00	Acute AF in Emergency & Follow-up	Dr. Bokhari
	14:00 - 14:30	Acute Tachyarrhythmias & Simulation	Dr. Subramanyam Sally Smith
	14:30 - 15:00	Acute Bradyarrhythmias & Simulation	Dr. Subramanyam Sally Smith
4	CARDIAC RESUSCITATION UPDATE		
	15:00- 15:30	PEA and Pericardial Tamponade	Dr. Bokhari
	15:30- 16:00	Hands-on Cardioversion & Pacing Workshop	Dr. Bokhari Dr. Subramanyam Sally Smith
5	ECHOCARDIOGRAPHY IN EMERGENCY		
	16:00- 16:30	Indication, Views and Interpretation	Dr. Bokhari
	16:30- 17:00	Echo Workshop	Dr. Bokhari
6	CONCLUDING REMARKS
